

REHABILITATION CENTER FOR CHILDREN AND ADULTS

SPRING LUNCHEON

30 Years and Going Strong

The Rehabilitation Center for Children and Adults' (RCCA) 30th Annual *Spring Luncheon* was a sold-out event at The Colony Hotel that raised funds for the preschool program. The *Luncheon* which takes place each year, celebrated "30 Years and Going Strong." **Constance Thomas**, Chairwoman of this year's *Spring Luncheon* along with Co-Chairwomen **Meredith Hunt** and **Carling Pinckney**, made this *Luncheon* the most successful event by bringing friends and supporters of RCCA together to share passionate stories of their experiences with therapy services.

The pleasant afternoon included guitarist **James McCreavy**, who entertained guests as well as the RCCA preschool students in the East Garden. In the Coral Ballroom, floral centerpieces by Black Cat Florist **Patricia Duch** combined yellow roses, purple irises, white snapdragons, blue hydrangeas, sea hollies and fresh pennyroyal in recycled glass vases. While RCCA supporters enjoyed an elegant lunch, **Christine Pressman**, who's son **Fred** attends the preschool, shared her unwavering support of the program and the impact that the therapists and teachers have had on her son's developing skills. Pressman said, "As a parent, you hold many dreams in your heart for your child. RCCA and everyone in this room help those dreams come true." The chairwomen thanked everyone present for the 30 years of luncheons and the generous donations to help RCCA's preschool program stay strong.

The 30th Annual *Spring Luncheon* was made possible with the generous support of sponsors that included: **Gunster, Mr. and Mrs. Tom Hunt and Family, Findlay Galleries, Key Private Bank, CS Ventures Management, ideabar, Cypress Bank & Trust, Holyfield & Thomas, Merrill Lynch Royal Palm Wealth Management Group, Williams Jones Wealth Management, Katie Benjamin, Christine and Bill Aylward and Steven and Patricia Figari. Christina Dennis, Roshan Massoumi, Lilly Pulitzer and Wilmington Trust** graciously helped underwrite this event.
