A Great Place to Work

Great Place to Work Institute and its senior care partner **Activated Insights** have honored **MorseLife Health System** with certification as a *Great Place to Work*. Through its aging services certification program, Activated Insights helps Great Place to Work recognize outstanding workplace cultures in the aging services industry and produce the annual *Fortune Best Workplaces for Aging Services*.

“This honor is based entirely on what our employees reported about their workplace experience and their trust in us,” said MorseLife President and CEO **Keith A. Myers**. “We greatly appreciate their commitment, dedication and trust that ensures that MorseLife is a great place for our residents and MorseLife Health System clients.”

The certification process involved surveying employees from across MorseLife’s locations and evaluating more than 60 elements of team members’ experience on the job. These included employee pride in the organization’s community impact, belief that their work makes a difference, and feeling their work has special meaning. Rankings are based on employees’ experiences, no matter who they are or what they do.
