Founded in 2015, Suits for Seniors is the preeminent leadership development program for at-risk high school seniors in Palm Beach County. Through an immersive eight-week education and mentorship program, students in underserved communities develop leadership and interpersonal skills; explore college, career and entrepreneurship opportunities; learn about finance, wellness and more, suiting these leaders up for lifelong success. To celebrate the completion of the program, each young man and woman is awarded a custom-tailored suit, and each woman, a strand of pearls.
