

MORSELIFE'S SUN & STARS INTERNATIONAL FILM FESTIVAL

A MAN WITH SOLE

In a town where shoes are known to make the outfit, the closing night appearance of footwear design icon **Kenneth Cole** at the **Donald M. Ephraim Sun and Stars International Film Festival (SASIFF)** drew a standing-room-only crowd to Glazer Hall.

Cole concluded the 4th annual film series presented by **MorseLife** with *A Man with Sole*, a documentary about his life, followed by a lively discussion between Cole and Emmy Award-winning Director **Dori Berinstein**.

“I expected to see a great fashion story come to life, but it wasn’t the story I thought was being told,” said Cole. “Seeing it for the first time with an audience was powerful. This story feels important right now, because people are struggling and what we do as a company isn’t separate from social impact — it’s part of who we are. It’s built into how we operate and how we think about our role in the world.”

MorseLife Health System provides integrated residences, health care and services for older adults, including independent and assisted living, short-term rehabilitation, long-term care, memory care, home health, and hospice. The organization is Palm Beach County’s exclusive **PACE** provider and has earned the *Governor’s Gold Seal Award* for excellence in long-term care.

“We had a terrific fourth season with wonderful films, great guests and record attendance,” said Event Founder **Donald Ephraim**. “Many of these films are now being released into wider circulation, but as in prior years, our audiences got to see them first. That’s something we’re very proud of and it’s what makes this festival special.”

For more information about MorseLife Health System or to join next season’s events email events@morselife.org, call 561.242.4661 or visit www.morselifeevents.org.
